

Oh the budget crisis -
It has ruined my high school career
I take no AP classes
Cant even afford glasses
Oh California government, don't you hear?
My school has no money,
It really isn't all that funny,
I wish my school could afford paper!
Tests on colored paper, essays on recycled paper,
Oh, I wish my school could afford paper!
Oh the budget crisis,
It has ruined my highschool career,
I think now that it is crystal clear!!!!!!
